

Steps to take for an Author Visit with Linda Stanek and Jen Funk Weber

1. Choose a program from the list below:
 - A. Linda for one day
 - B. Jen and Linda together for one day
 - C. Jen and Linda together for two days

Please review the website here: www.lindastanek.com/to make sure you are booking the program that best meets your needs, given the parameters set by the author(s).

2. Contact Linda or Jen to ensure that your desired date is available.
3. Agree on and book the date. You will receive an invoice/contract in the next few days with instructions on next steps.

In the mean time...

4. Book the zoo, if desired. This is optional, but must be done as soon as possible if you opt to have them, as they can book up.
5. Customize the day with your own start/end times. (All schools are different, so the examples here are just that.) Again, please note the parameters set by the author(s).

When you receive your invoice, you will also receive a checklist of things to do, including instructions on how and when to hold your book sale.
